
Eurofinas and Leaseurope 2009 Annual Conventions - A resounding success!

BRUSSELS, 10 October 2009 – Eurofinas's Annual Convention, held in Prague at the same time as sister Federation Leaseurope's Convention, was a big success this year. Over 330 participants assembled for the one-day conventions from 33 countries from across Europe, as well as from Canada and the USA, including more than 170 CEOs, MDs, and the like.

This clearly confirms that even in challenging times it was more than ever essential for senior executives to attend THE only annual gathering of industry decision makers at European level organised by the industry for the industry!

Thanks to a first-rate programme and insightful coverage of issues presented, participants had a unique opportunity to share experiences and to reflect on where their industry is heading.

Additionally, Eurofinas and Leaseurope Annual Conventions provided the opportunity for high-level networking with industry leaders and colleagues from across Europe and beyond. This year was no exception with many participants commenting on the high quality of the event overall and the particularly good atmosphere throughout.

Presentations made available and photos of the Conventions can be downloaded from our dedicated [Annual Convention website](#).

The success of the Prague event confirms the status of Eurofinas and Leaseurope Annual Conventions as the only truly European gathering of the consumer credit, leasing and automotive rental industries.

Mark the date!

Eurofinas and Leaseurope 2010 Conventions will be held in Hamburg on 30 September and 1 October. More information on the venue and the programme will be available in the coming months.
